Attn: Robin Harvey

Dear Sir:

Results of analysis of one surface water sample taken by you on 08-20-14 at 10:50 a.m. and received on 08-20-14 at 2:00 p.m. are as follows:

<u>Sample Identification</u>	<u>Fecal Coliform (per 100 mLs)</u>
Lake Minterwood, South End	17
split sample	18

Lab Number: 08990618

Sample was analyzed by membrane filtration procedure according to Standard Methods for the Examination of Water and Wastewater, 21st Edition.

Chain of custody record is enclosed.

Sincerely,

Diane DuMond
Microbiologist
